**2**

Managing Business
&
Digital Disruption

**Agile Sprints for Strategic Growth**
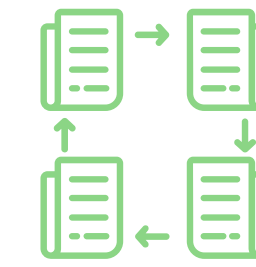

As you strategically grow your business,

we can assist you:

to more effectively meet new and emerging customer demands.

to create a competitive advantage.

to deliver new products or services to external and internal customers.

**to align your workforce with your digital transformation.**

to achieve outcomes and increased profits quickly.

to drive innovation & business changes.

Technology Ireland ICT

Skillnet,

This can be done through

Agile Sprint no. 2 for Strategic Growth

Sprint 1

Transforming
Strategic Outcomes

Sprint 2

Managing Business
& Digital
Disruption.

Sprint 3

Executing Innovation &
Change Projects.

Sprint 2: Managing Business & Digital Disruption

This Sprint addresses three main questions.
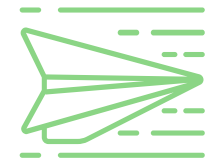

Question 1

Do you want to get better at selecting, prioritizing and testing new ideas?

Question 2

Do you have a consistent methodology for managing disruption?

Question 3

Are you using tools to scope and shape new initiatives?

Aligns to ISO 56002

Sprint 2

Outcomes

1 *Identifies & prioritises opportunities and challenges. Validates & tests feasibility.*

2 *Defines the v1 scope for each initiative*

3 *Delivers the methodology to evaluate business model and digital disruption.*
